RADIANT TAN

The No-Staff, High-Profit Tanning System for Your Business

Turn a Small Room Into a Big Revenue Machine

Radiant Tan is a fully automated, non-UV tanning system designed to help salon owners, clinics and beauty businesses make more money with almost zero labour.

Brought to Ireland, England, Scotland and Wales by The Radiant Group, Radiant Tan gives you everything you need to launch a professional, profitable spray tanning service under one trusted brand.

It's a **complete turnkey** business:

- No staff needed
- No specialist training
- No mess
- Ready to plug in and start making money

If you want an easy new revenue stream that works while you focus on other services—this is it!

THE BOOTH – Luxury, Hygienic & Fully Automated

Our high-end tanning booth is designed for busy salons and high client turnover.

It activates the moment a customer checks in, switching on the lighting and air extraction instantly.

Inside the booth:

- Built-in spray technology
- Internal air purification
- Biometric spray positioning for precision results
- Easy-clean surfaces
- Ultra-low overspray

Everything is automated, so clients control their own tanning experience from start to finish.

What's Included

Every booth comes with:

- Medical-grade silent air compressor
- Full door access & security control system
- Radiant Tan booking + access mobile app
- All disposables for your first 80 clients:
 - Hair nets
 - Disposable pants
 - Sticky feet
 - Barrier cream

EASY INSTALLATION

If you can fit a shower cubicle, you can fit this booth.

- Size: 168 x 150 x 245 cm
- Power: Standard 220v
- Setup: One day
- Training: Included
- You'll need:
 - A small room of your choice
 - An electronic door lock
 - Two double power sockets
 - Internet connection

Fake it 'til you make it!

HOW IT WORKS – A Perfect Tan in 6½ Minutes

Your client:

- Books their appointment on the Radiant app
- Arrives and unlocks the room using the automated access system
- Selects their height and preferred tan shade (Light, Medium or Dark)
- Prepares using the provided disposables
- Enters the booth and hits Start

From there, the booth guides them with:

- Voice instructions
- Video instructions
- Step-by-step prompts

The entire process—spray + dry—is done in only 6.5 mins

Because each treatment uses just 35 ml of tanning liquid, the booth stays clean and requires minimal upkeep.

THE TANNING LIQUID – Clean, Vegan, Fast-Drying

Radiant Tan solutions are made without the harsh ingredients found in traditional tanning formulas.

No aloe • No alcohol • No erythrololose

These ingredients often clog pores, cause breakouts and leave a sticky feel—which is why we removed them. Our European-made solutions use a light, oil-free base for:

Faster drying (under 30 seconds)

No streaking

No transfer

Sensitive-skin approved

Hydrated, natural, golden finish

All formulas meet UNI EN ISO 9001, 13485 and 22716 standards.

MAKE SERIOUS MONEY WITH MINIMAL EFFORT

This unit is designed to generate high recurring revenue with almost zero staff time.

Radiant Tan installs and trains you over two days (travel & accommodation included).

Leasing options are available.

Most owners make over 5× the machine's cost in the first year—hands free.

WHAT YOU GET WITH YOUR STARTER PACKAGE

12-month full warranty: booth, compressor, door system

Enough product for your first 80 customers:

- 3L tanning solution
- 1 barrier cream
- Hair nets, sticky feet, disposable pants
- The Radiant Tan booking + access control app
- Marketing support and Google Maps location listing

BRANDED promotional templates for posters, flyers and in-room displays

A Simple, Powerful Add-On for Any Beauty Business

Whether you run a salon, clinic, gym or retail space, Radiant Tan lets you add a high-demand service with:

- No staff
- No technical expertise
- No hassle

Maximum profitability

This is one of the easiest and most reliable ways to increase your revenue—consistently and predictably.
