A close-up, high-resolution photograph of a woman's face, focusing on her eyes, nose, and lips. She has a warm, golden-brown complexion with visible freckles on her nose and cheeks. Her eyes are dark and looking slightly upwards and to the left. Her lips are coated in a vibrant, glossy red lipstick. The lighting is soft and directional, highlighting the texture of her skin and the sheen of the lipstick. The overall mood is natural and radiant.

Welcome to O COSMEDICS

IT IS MY GREATEST PLEASURE to bring you O COSMEDICS, Australia's leading professional skin care brand for skintellectuals around the world.

O COSMEDICS is a successful collaboration between international leading scientists and local cosmetic chemists. Australian made and owned, O is based on decades of scientific research, clinical data, supporting papers and now hundreds of thousands of testimonials.

Using the purest combination of medical grade ingredients, cosmetic science and our very own world-exclusive V8 Peptide Complex®, O COSMEDICS is designed with three things in mind: treating the five major causes of aging (Collagen Breakdown, Inflammation, Glycation, Photo Defence and Oxidation), biomimetic technology (effective delivery of functional actives in the skin) and the principles of Corneotherapy (being kind to your skin).

Unlike traditional 'feel good, smell good' cosmetics with insignificant levels of active ingredients, O uses potent ingredients that have a perfect affinity with the skin. Used in their recommended doses (what we call functional actives) they trigger cellular activity in order to change cell behaviour (otherwise known as cell optimisation).

We are blessed to live in a world of advanced technology and medical breakthroughs allowing us to age proof our skin and kick aging to the curb.

I left no room for error when creating O. Our goal is to retain and/or regain skin health, resulting in skin youth, ensuring you always feel confident in your skin. Endorsed by thousands of skin experts around the globe, you can be sure there is nothing more results driven than O.

Welcome to the O COSMEDICS family - we are so happy to have you here!

Maria Enna-Cocciolone
CEO & Founder

Talk to the cells when the skin's not listening, that's *the cosmedical difference.*

COSMEDICAL SKIN CARE

Unsurpassable, new-age, active skin care, that works skin deep.

SKIN HEALTH

A daily treatment commitment that stimulates cell optimisation and normal skin function.

SKIN YOUTH

The ultimate result of skin health, a happy, radiant, balanced skin.

SKIN CONFIDENCE

Being proud of the skin you're in, no matter what age or stage of your life.

CONSCIOUS BEAUTY

- Can be used anywhere on the body.
- Ideal for break outs on the face or body.
- Ingrown hairs and keratosis pilaris.

FUNCTIONAL ACTIVES

- **Amphoteric Hydroxy Complex:** Offers all the benefits of Alpha Hydroxy Acids with enhanced tolerance. Based on a patented technology, this Amino and Lactic Acid blend uses a time release mechanism that prevents irritation, making it suitable for sensitive skin. Increases cell turnover to reveal younger looking skin and offers exfoliating benefits for all skin types and conditions.
- **Physiogenyl:** Boosted with Zinc PCA, Magnesium PCA and Manganese PCA, this cellular energizer boost's cell metabolism and replenishes the skins minerals and trace elements to breathe new energy into tired skin.
- **Ethyl Ascorbic Acid:** An ester of ascorbic acid providing the same results in a stable form. A powerful antioxidant, collagen precursor and skin lightener and brightener making it a great choice for all skin concerns.
- **Pentavitin:** A plant derived, biomimetic, skin like moisturiser to boost and improve epidermal moisture by forming a water protective barrier and act as a humectant.
- **Core Four:** V8 Peptide Complex®, SNAP-8, Niacinamide (B3), Proteolea to treat the five major causes of aging.

NOURISHING CLEANSING BALM

Three emulsions in one; balm, oil & milk

BEST FOR: All skins, dry and dehydrated

SIZE: 100 ml / 3.5oz

TEXTURE: Balm / Milk

SCENT: Vanilla / Coconut

PH: 6-6.5

PRODUCT DESCRIPTION

Balm-oil-milk cleanser. Sure to become your favourite pre-cleanser or straight out cleanser. Heavenly and cloud like, goes on as a balm, is massaged in as an oil and turns to a milk with water, picking up dirt, pollution and makeup as it goes.

HOW TO USE

Apply a small amount to fingertips and warm between fingers. Once it starts to melt, apply to dry face and gently massage in circular motions all over face, neck and décolletage.

Massage for 1-2 minutes, then add water (turning the oil to milk) and remove with the O Skin Shammy.

TOP SELLING TIP

- Use as both first and second cleanse for dry and/or irritated skins.
- Use as second cleanse for oily, acne prone and problematic skins.
- The perfect make-up cleanser for heavy or long wear make-up including eye make-up. Avoid use on lash extensions.

FUNCTIONAL ACTIVES

- **Avocado Oil, Sunflower Seed Oil and Shea Butter:** A non-comedogenic oil blend rich in antioxidants, ceramides and Vitamin E to provide the skin with lasting moisture, barrier and antioxidant protection as well as anti-inflammatory benefits to reduce redness and irritation.
- **Hydroxymethoxyphenyl Decanone (H.M.P.D):** A nature identical molecule that copies a phyto-active found in Grains of Paradise; a spice from the Ginger family. H.M.P.D is described as a 4 in 1 active that supports:
 1. Barrier antioxidant protection
 2. Cellular antioxidant protection
 3. Anti-irritant, calming and soothing benefits
 4. Powerful hyaluronic acid booster benefits which include intense hydration.

HOW TO USE

Use 1-2 times a week. After cleansing, apply as you would a mask all over face and neck and allow to dry for 3-5 minutes. For best results remove using gommage method by supporting skin with one hand and gently rubbing the product off with your other hand until it is completely removed. If skin is sensitive remove the mask with the O Skin Shammy.

TOP SELLING TIP

- Can be mixed with Exfoliating Cleanser to give a double exfoliation treatment.

FUNCTIONAL ACTIVES

- **Mango Enzyme (4%):** Enzymatic exfoliant, rich in Vitamin A & C, and antioxidants
- **Pomegranate Enzyme (4%):** Enzymatic exfoliant rich in antioxidants with anti-inflammatory action
- **Papaya Enzyme (10%):** Gently removes outermost layer that traps sebum and bacteria.
- **Multifruit BSC:** A blend of fruit acids to increase enzyme action and boost cell turnover
- **Buriti Oil:** Rich in EFAs, Carotenoids and Vitamin C
- **Core Four:** V8 Peptide Complex®, SNAP-8, Niacinamide (B3), and Proteolea.

MULTI-FUNCTIONAL PEEL

14% AHA peel

BEST FOR: All skins, sensitive, brightening, wrinkles, firming, radiance.

SIZE: 30 ml / 1.0 oz

TEXTURE: Water-like

PH: 2.8-3.9

PRODUCT DESCRIPTION

Peel to reveal! A professional grade at-home peel containing 14% PHA/AHC Complex gently exfoliate the skin. This multi-tasking peel will hydrate, purify and refine the skin, support product penetration, reduce fine lines and reveal a brighter, more even-tone, smoother, younger looking skin.

HOW TO USE

Use only at night, 2-4 times a week. Can be used on face, neck, décolletage and body. For best results apply to clean, dry skin in a fine layer and massage in until absorbed (do not wash off). Once absorbed use your regular O Cosmedics serums and hydrators over the top. Use Mineral SPF daily, no excuses!

TOP SELLING TIP

- A multi-tasking corrective treatment that purifies and refines the skin.
- Keeps breakout away.
- Evens out skin tone.
- Reduces depth of lines and wrinkles by supporting product penetration and hydration.

FUNCTIONAL ACTIVES

- **Amphoteric Hydroxy Complex:** Offers all the benefits of Alpha Hydroxy Acids with enhanced tolerance. Based on a patented technology, this Amino and Lactic Acid blend is based on a 'time release' mechanism that prevents irritation, making it suitable for sensitive skin. Increases cell turnover to reveal younger looking skin and offers exfoliating benefits for all skin types and conditions.
- **Gluconic Acid (PHA):** Gluconolactone, a Polyhydroxy Acid (PHA), offers all the benefits of AHAs but is gentle on the skin making it suitable for sensitive skin. The molecules that come together to form Gluconolactone are naturally attracted to water so when this ingredient is applied to the skin these 'water hungry' molecules pull moisture out of the air and allow it to be absorbed by the skin. By drawing water droplets from the air in this way, Gluconolactone helps to soften and soothe dry skin and replenish lost moisture. In addition, Gluconolactone forms a barrier on the skin, preventing moisture already present in the tissue from evaporating.
- **Multi-Fruit Acids:** A natural source of AHA, Multi-Fruit Acids are a concentrated blend of five botanical extracts: Bilberry, Sugar Cane, Sugar Maple, Orange and Lemon. These extracts contain several naturally occurring Alpha Hydroxy Acids.

POTENT RETINOL SERUM

Essential skin corrector

BEST FOR: All skins, acne prevention & correction, aging, wrinkles and sun damage

SIZE: 30 ml / 1.0 oz

TEXTURE: Lotion

PRODUCT DESCRIPTION

Beginners Retinol! Powered by V8 Peptide Complex® and 100% pure, bioactive Retinol in micro-encapsulation technology for superior stability and potency. This extraordinary Vitamin A complex offers visible cosmetic anti-aging benefits to dramatically reduce the appearance of fine lines and wrinkles, promote a firmer more elastic skin texture and even out skin tone.

HOW TO USE

Use every second-third evening and gradually build up to daily use. For best results mix 1/2-1 pump into O Hydrator. Mix well and apply to face, neck and décolletage. Not to be used neat on the skin. Use O Mineral Pro SPF daily, no excuses!

Contraindication: Avoid using if pregnant or breastfeeding.

TOP SELLING TIP

- Essential skin corrector.
- Can be applied neat on scars, acne and pigmented areas.

FUNCTIONAL ACTIVES

- **Retinol (0.5%):** Pure and encapsulated Retinol (Vitamin A) to rapidly regenerate and rejuvenate skin.
- **Liquid Crystals:** Delivery system which mimics the skins natural lipid bilayers.
- **D-Alpha Tocopherol:** Chirally correct form of Vitamin E - powerful antioxidant and UV protection.
- **Skin Relief:** Blended bisabolol and ginger root proven anti-irritant.
- **L-Sodium Hyaluronate:** Chirally correct and encapsulated Sodium Hyaluronate - powerfully hydrating.
- **Core Four:** V8 Peptide Complex®, SNAP-8, Niacinamide (B3), and Proteolea.

RETINOIC OIL

Direct acting Vitamin A

BEST FOR: Sensitive, dry and mature skins

SIZE: 30 ml / 1.0 oz

TEXTURE: Oil

PRODUCT DESCRIPTION

Direct acting Vitamin A! Powered by the latest Retinoid to join the Vitamin A family. Retinoic Oil offers all the benefits of Vitamin A without the irritation. There isn't a skin condition that will not benefit using it. Used daily (every night) this direct acting retinoid supports an accumulative and powerful answer to skin health and skin youth.

HOW TO USE

Use every evening. For best results use a quarter to half a pump (if treating neck and décolletage) after regular serums. Massage until fully absorbed and then follow with choice of O Hydrator.

Contraindication: Avoid using if pregnant or breastfeeding.

TOP SELLING TIP

- Highly potent Vitamin A without the response.
- Perfect for all aging concerns.
- No need to drip-feed.

FUNCTIONAL ACTIVES

- **Hydroxypinacolone Retinoate:** Works in the same way as Retinol but without the irritation. Patch testing shows significantly lower irritation when compared to the same concentration of Retinol. An ester of Retinoic Acid; it doesn't have to go through the same conversion process to be used directly on skin.
- **Squalane:** Derived from Sugar Cane, biocompatible, highly moisturising, absorbs rapidly, softens and smoothes and leaves skin soft and non-greasy.
- **Hydroxymethoxyphenyl Decanone:** A nature-identical (but synthetic) molecule that copies a phyto-active found in grains of paradise, a spice from the ginger family. A 4-in-1 active with potent topical and cellular antioxidant, anti-irritant and hyaluronic acid booster activity.
- **Ethylhexyl Palmitate:** Fatty acid ester derived from 2-Ethylhexanol and Palmitic Acid.
- **Dimethyl Isosorbide:** High purity solvent and carrier which offers a safe, effective delivery enhancement mechanism for active ingredients. In addition to improving performance, it's used as an epidermal penetration enhancer.

VITAMIN C HEMP SEED OIL

Vitamin C with Lipid Support

BEST FOR: All skins, dry and dehydrated

SIZE: 30 ml / 1.0 oz

TEXTURE: Oil

PRODUCT DESCRIPTION

Every skin's essential oil! Rich in Omega Fatty Acids with intense hydration, nourishing and soothing properties, this liquid gold offers something for every skin condition. Perfect to help support collagen synthesis, lighten pigmentation, even out skin tone, fight free radicals, and increase UV protection, skin radiance and firmness.

HOW TO USE

Use once to twice a day, under an O Hydrator in the morning or as a hydrator at night. If using once a day only, use in the morning for pigment prevention.

Apply 3 drops and massage in on clean, dry skin after your liquid, gel and/or lotion serums. Add more to get an even application. Do not overuse or skin will feel oily.

TOP SELLING TIP

- Liquid gold!
- Hemp Seed Oil comes from the seeds of the Cannabis Sativa Plant (does not contain CBD).
- Less is best.

FUNCTIONAL ACTIVES

- **10% Ascorbyl Tetraisopalmitate:** The only oil-soluble (lipophilic) form of Vitamin C, Tetraisopalmitate has the unique ability to penetrate through the skin's protective lipid layer much faster than a water-soluble serum. Converted to 90% Vitamin C in the skin, Tetraisopalmitate is an essential antioxidant, precursor to collagen synthesis and assists with minimising and protecting against pigment formation as well as suppressing UVB induced pigmentation. It works to strengthen capillary walls, even out skin tone and give the skin its radiance.
- **Hemp Seed Oil:** Hemp Seed Oil is highly moisturising and super nourishing. It is rich in polyunsaturated Fatty Acids (Omega 3&6) which protect the skin from inflammatory responses making it perfect for skin concerns such as Eczema, Dermatitis, Psoriasis, Rosacea, and general compromised skins in search of skin health. Non-comedogenic, Hemp Seed Oil prevents cell oxidation and is also antibacterial making it a great choice for acne skin sufferers. A naturally heavier oil hence loved by drier skins. Normal to oilier skins should start with a less is best approach in order to enjoy the ultimate benefits of this magical oil.

PURE C + BHA

Vitamin C & BHA exfoliation

BEST FOR: For all skins concerned with pigmentation, sun damage, thickening & congestion

SIZE: 15 gm / 0.5 oz

TEXTURE: Powder

PRODUCT DESCRIPTION

Radiance plus! Powered by pure L-Ascorbic Acid with encapsulated Salicylic Acid this powerful, chirally correct Vitamin C and BHA powder offers optimum stability power, superior antioxidant and anti-aging benefits with a gentle exfoliation twist.

HOW TO USE

Use every morning. For best results mix a quarter to half a scoop of powder into Pure Age Defiance Serum, 3D Hyaluronic Serum or O Hydrator. Apply to face and neck.

Contraindication: Avoid using if pregnant, breastfeeding or allergic to Aspirin.

TOP SELLING TIP

- Perfect with Pure Age Defiance Serum or 3D Hyaluronic Serum.
- Can be used daily on the right skin otherwise as needed.
- Can be mixed into body lotion as a treatment for aging, sun damage and pigmentation.

FUNCTIONAL ACTIVES

- **L-Ascorbic Acid (98%):** Chirally correct, water-soluble form of Vitamin C, powerful antioxidant, inhibits melanin production, and boosts collagen synthesis.
- **Encapsulated Salicylic Acid (2%):** Breaks down keratinised cells to smooth and regulate skin texture, relieve clogging and congestion and lift pigmentation. Offers antibacterial and anti-inflammatory benefits.

CONCENTRATED BRIGHTENING SERUM

Triple action pigmentation treatment

BEST FOR: All pigmentation concerns

SIZE: 30 ml / 1.0 oz

TEXTURE: Lotion

PRODUCT DESCRIPTION

No photo editing required! Powered by revolutionary, blue-biotechnology brightening actives, botanical exfoliants and Flashwhite Unispheres™ to support a visible skin difference, brighten uneven skin tone, reduce the appearance of age spots and smooth skin imperfections.

HOW TO USE

Use morning and/or evening. For best results apply 1/2-1 pump on clean, dry skin. Ensure Unispheres™ break to release brightening actives. Follow with O Hydrator and SPF daily, no excuses!

TOP SELLING TIP

- Holy grail for pigmentation! Go-to product.
- Perfect for brighten uneven skin tone and smoothing imperfections.
- Double down on pigmentation and apply all-over the face in the morning and repeat focusing solely on pigmented areas in the evening.
- Perfect prepping product for high fitzpatrick skins

FUNCTIONAL ACTIVES

- **Actizyme:** Mushroom derived, organic, water-soluble enzyme of the aspartyl or acid protease class. When applied in conjunction with an acid buffer it effectively exfoliates the skin while limiting the rate of cell renewal to support skin protection.
- **Brighlette:** Marine ingredient which reduces both the production and the deposition of melanin in the skin by targeting key steps of pigmentation process. Regulates the gene expression of melanogenic signaling proteins, reduces tyrosinase levels and activity as well as diminishes melanin uptake by keratinocytes. In clinical tests, the ingredient was shown to reduce hyperpigmentation by 61.1% when used in its functional dose.
- **Flash White Unispheres:** Powerful active beads made from a pure whitening pigment combined with natural extracts. Instant white filter, delivery of natural brightening extracts (Vitamin C rich), cucumber and lemon.

- Reduces inflammation and puffiness

MODE 3: Lift & Firm - Press the power button three times. FLASHING RED LED with low level EMS, Electrical Muscle Stimulation, 2.5 Hz, to provide your facial muscles with a workout by using low level microcurrent to stimulate facial nerves. Some patients may experience a tingling sensation due to the EMS technology. Adding Mode 4 Vibration to this setting may decrease the sensation. No thermal energy is emitted during mode 3.

Benefits:

- Lifts and firms
- Increase muscle stimulation
- Facial contouring
- Reduce fine lines
- Improve skin texture and complexion

MODE 4: Tone & Plump - Double-click the power button in any mode to start the vibration mode. Additional Vibration Mode can be chosen during any Mode (1,2 or 3), double click the power button to activate the vibration massage. This will intensify each mode with additional massage to increase microcirculation to oxygenate and rejuvenate the skin.

O SKIN-INJECT DERMA ROLLER

Lift, tone and detoxify

BEST FOR: All skins. Best for collagen and scar reduction.

PRODUCT DESCRIPTION

O Skin-Inject MTS (Micro-Needling Therapy System) Derma Roller (0.25mm) utilises 600 gamma-sterilised, micro-needles to effectively and visibly rejuvenate and regenerate the skin's own natural healing response. The independently rotating disks with advanced silicon suspension system provide the most comfortable and beneficial treatment possible, whilst reducing procedure downtime.

HOW TO USE

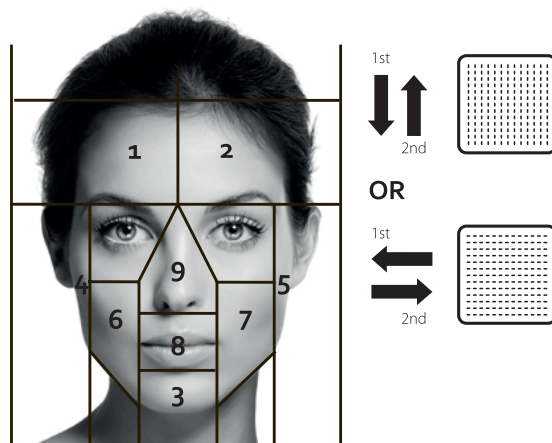

When starting out, cleanse skin and dry well. Roll over face, neck and décolletage every night before bed, follow with serums and hydrator. As confidence is gained, cleanse, apply corrective serum(s), roll over face, neck and décolletage every night and follow with hydrator.

- Perfect for injectables users wanting to lengthen the time between injection.
- Increases life of fillers.

FUNCTIONAL ACTIVES

- **Vitamin Complex A, B, E, F, H:** Blend of Vitamins to ensure skin remains vital, healthy, bright and radiant. Vitamin A is in the form of Retinyl Palmitate.
- **SNAP-8 (12%):** Peptide to relax muscle contraction reducing expression lines by 64%.
- **L-Sodium Hyaluronate:** A high molecular weight and very pure form of Sodium Hyaluronate.
- **Retinyl Palmitate:** Oil soluble ester form of Vitamin A, suitable for sensitive skin and during pregnancy.
- **Core Four:** V8 Peptide Complex®, SNAP-8, Niacinamide (B3), and Proteolea.

RETINOL CONCENTRATE

Advanced Vitamin A

BEST FOR: All skins including age prevention and correction, acne and sun damage

SIZE: 30 ml / 1.0 oz

TEXTURE: Lotion

PRODUCT DESCRIPTION

Advanced Vitamin A! Powered by V8 Peptide Complex® and 100% pure, bioactive Retinol in micro-encapsulation technology for superior stability and potency. This extraordinary Vitamin A complex offers visible cosmetic anti-aging benefits to dramatically reduce the appearance of fine lines and wrinkles, promote a firmer, more elastic skin texture and even out skin tone.

HOW TO USE

For skins acclimated to Retinol or those graduating from Potent Retinol Serum. Use every second-third evening and gradually build up to every second evening or nightly use. For best results mix 1/2-1 pump into O Hydrator. Mix well and apply to face, neck and décolletage. Not to be used neat on the skin. Use O Mineral Pro SPF daily, no excuses!

Note: Retinoid Response = Slow Down

Contraindication: Do not use if pregnant or breastfeeding.

TOP SELLING TIP

- Essential skin corrector.
- Can be applied neat on scars, acne and pigmented areas.

FUNCTIONAL ACTIVES

- **Retinol 1%:** Pure and encapsulated Retinol (Vitamin A) to rapidly regenerate and rejuvenate skin.
- **Liquid Crystals:** Delivery system which mimics the skins natural lipid bilayers.
- **D-Alpha Tocopherol:** Chirally correct form of Vitamin E - powerful antioxidant and UV protection.
- **L-Sodium Hyaluronate:** Chirally correct and encapsulated Sodium Hyaluronate - powerfully hydrating.
- **Skin Relief:** Blended bisabolol and ginger root proven anti-irritant.
- **Core Four:** V8 Peptide Complex®, SNAP-8, Niacinamide (B3), and Proteolea.

REPAIR SERUM

Epidermal and dermal rebuilding

BEST FOR: Weakened, inflamed, rosacea-prone skins that require strengthening

SIZE: 30 ml / 1.0 oz

TEXTURE: Lotion

SCENT: Apricot Oil

PRODUCT DESCRIPTION

Pure TLC! Powered by V8 Peptide Complex® this super potent Repair Serum contains a unique blend of next generation ultra-strength antioxidants, natural EGF, ceramides and anti-irritants to help to help oxygenate the skin with nutrients and hydration and fortify the skins barrier reducing inflammatory processes hydrate and protect.

HOW TO USE

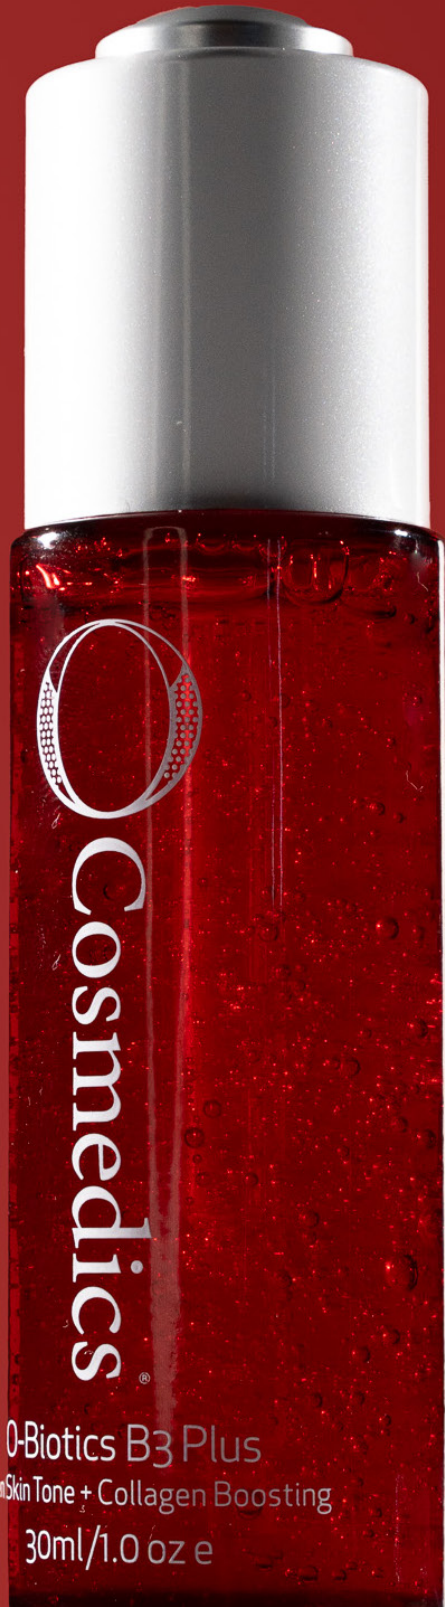

Use morning and/or evening. For best results apply 1/2-1 pump on face, neck and décolletage after cleansing. Use as a hydrator or follow with O Hydrator of choice.

TOP SELLING TIP

- Don't let the name fool you! Repair Serum may cause mild stimulation that is both normal and temporary.
- Great choice for adult hormonal acne.

FUNCTIONAL ACTIVES

- **Natural EGF:** Stimulates stem cells and fibroblasts - increases collagen and Hyaluronic Acid.
- **Encapsulated Resveratrol:** Master antioxidant
- **Hydrolyzed Soy Protein:** Activates collagen I and III production.
- **Skin Repair:** Effectively repairs the skin natural barrier and NMF production.
- **Liquid Crystals:** Delivery system which mimics the skins natural lipid bilayers.
- **L-Sodium Hyaluronate:** Chirally correct and encapsulated Sodium Hyaluronate - powerfully hydrating.
- **Lipochroman-6:** Master antioxidant.
- **Zea Mays (Corn) Starch:** Protective and conditioning.
- **Core Four:** V8 Peptide Complex®, SNAP-8, Niacinamide (B3), and Proteolea.

B3 PLUS

Multi-functional skin saviour

BEST FOR: For skins looking to improve immune function, acne, rosacea, lighten pigmentation and even skin tone

SIZE: 30 ml / 1.0 oz

TEXTURE: Water-like

PRODUCT DESCRIPTION

O COSMEDICS' top-selling serum! Powered by award-winning actives and high levels of Vitamin B3 (Niacinamide) to support the skin's immune system, maintain fatty acid levels and reduce water loss. Effective on problematic skins, uneven skin tone and skins concerned with aging to encourage youthful, radiant skin. Skin saviour!

HOW TO USE

Use morning and/or evening. If skin flushes or tingles use every 2-3 days to begin with. For best results apply half a pump to clean, dry skin. Can be used on the face, neck and décolletage. Massage until fully absorbed.

TOP SELLING TIP

- Vitamin B and C in one.
- Ideal to use with O Skin-Inject Derma Roller.
- Ideal acne fighter.

FUNCTIONAL ACTIVES

- **Niacinamide (12%):** Regulates pigment, skin's acid balance and immune function. Highest percentage of Vitamin B3 in the O range.
- **STAY-C 50(5%):** Gentle and stable form of Vitamin C, antioxidant, pigment regulation, collagen.
- **Trylagen™:** A peptide which stimulates the production of collagen I,II, and IV. Reduces wrinkle depth by 29% in one month.
- **B-White (Biomimetic Peptide):** Biomimetic encapsulates peptide which regulates pigment formation leading to powerful brightening. Tyrosinase inhibitor.causes of aging.

POTENT CLEARING SERUM

Zit Zapper

BEST FOR: Acne, congestion, ingrown hairs and keratosis pilaris.

SIZE: 30 ml / 1.0 oz

TEXTURE: Lotion

SCENT: Naturally occurring Tea-Tree-like aroma from Coleus Forskohlii Root Extract

PRODUCT DESCRIPTION

Life saver! Powered by V8 Peptide Complex® and four potent actives to control breakouts and diminish the appearance of scarring. Encapsulated Salicylic Acid and L-Lactic Acid exfoliate the skin (inside and out) and encourage cell turnover leaving the skin super hydrated and rebalanced.

HOW TO USE

Use morning and/or evening directly on breakout and congestion. For best results apply 1/2-1 pump to affected area after cleansing and before hydrating.

Contraindication: Do not use if pregnant, breastfeeding or allergic to Aspirin.

SMART SERUM

Smart in design, sophisticated in formulation and loaded with actives.

BEST FOR: All Skins, especially age management, age correction.

SIZE: 30 ml / 1.0 oz

TEXTURE: Lotion

PRODUCT DESCRIPTION

An intelligent, multifaceted anti-aging and rejuvenating serum using 12 clinical actives that evens out skin tone, stimulates optimum cell activity, reduces expression lines, increases skin firming and lifting, rebalances compromised skin and ultimately supports skin health and skin youth.

HOW TO USE

For best results use 2-3 pumps on the face, neck and around the eyes, after cleansing and before hydrating.

TOP SELLING TIP

- Perfect for travelling.
- Ideal for those wanting an all-in-one multi solution.
- Time saver.

FUNCTIONAL ACTIVES

STAY-C 50:

- Water soluble and highly stable form of Vitamin C that converts into pure ascorbic acid in the skin. Powerful antioxidant protection against ROS and a pre cursor for collagen and elastin production. Regulates melanogenesis by inhibiting the excessive release of the tyrosine enzyme and effectively lightens discolouration and uneven skin tone.

Niacinamide (B3):

- Multi-faceted form of Vitamin B; Niacinamide is clinically proven to regulate melanin transfer from melanocyte to keratinocyte to reduce hyperpigmentation as well as improve current pigmentation and discolouration in the skin.
- Stimulates lipid synthesis, an important part of the skins NMF to balance and repair the skins barrier and reduce TEWL.
- Improves the skins immune function by increasing Langerhans cell health and function to reduce C. Acnes bacterium and improve the skins immune response.

Hydroviton Plus:

- A natural and biomimetic water retaining complex of Hyaluronic Acid that leaves a protective film on the skin to prevent and restore a dehydrated skin against Trans Epidermal Water Loss (TEWL). Improves the skins barrier function by delivering instant, long-lasting hydration to the skin.
- Clinical studies show increased water retention in the skin for up to 48 hours due to the natural humectant properties of the moisture biding film.

SK-Influx:

- Skin-identical lipid concentrated mix of ceramides, cholesterol, free fatty acids and phytosphingosine to restore and preserve the skins barrier function. SK-Influx enhances hydration levels, reduces TEWL and protects the skin against oxidative stress

SpecPed Whiten-1:

- A highly stable oil and water soluble form of Vitamin C (ethyl-ascorbic acid) that converts into pure ascorbic acid in the skin. An effective tyrosinase inhibitor that prevents the over production of melanin and effectively lightens discoloration and uneven skin tone. A powerful antioxidant that protects and neutralises ROS and a precursor for collagen and elastin production.

SNAP-8:

- An octapeptide designed to reduce the depth of fine lines and wrinkles by blocking the neurotransmitter (acetylcholine) that triggers muscle contractions causing expression lines. Through accumulative use clinical studies prove SNAP 8® is approximately 30% more effective than its parent peptide Argireline, reducing expression lines by up to 64%.

Sirtalice:

- Biologically active marine extract proven to recharge cellular energy (adenosine triphosphate ATP) and induce protein synthesis and contraction giving the skin an instant lift and a v-reshape (firmer, more lifted skin). Studies show a 32% increase in ATP and a -69% decrease in elastase with a +129% increase in collagen type 1 preventing degradation of extra cellular matrix proteins and enhancing their synthesis. Further studies show a -22.3% decrease in crows feet over 28 days showing long lasting and instant lines, wrinkles and laxity reduction.

Symglucan:

- 100% natural ingredient extracted from oats that initiates wound healing, accelerates skin recovery post trauma and skin irritation and rapidly repairs a weakened and compromised skin.
- Clinically proven to increase collagen and elastin synthesis to smooth fine lines, wrinkles and increase hydration levels in the skin.
- Provides a protective waterproof film to the skin to prevent TEWL and repair a damaged skin barrier whilst protecting the skin against oxidative stress

Canadian Willowherb:

- Multifunctional active botanical traditionally used for healing skin irritations. The bioactive molecules extracted possess a strong antibacterial activity on C. Acnes bacteria and a powerful anti-inflammatory effect to soothe and reduce infections and breakouts including associated redness. This specialised plant also provides radical protection against ROS preventing oxidative stress.

Lipochroman-6:

- Double scavenging action antioxidant that protects against reactive oxygen species (ROS) and reactive nitrogen species (RNS). RNS are human generated free radicals that cause lipid peroxidation and destroy DNA. Lipochroman 6 prevents skin cell damage from nitric oxide accumulation and provides photoprotection against UVA light to inhibit internal ROS production to delay early signs of aging and destruction of cellular processes.

Pomegranate Enzyme:

- Gently exfoliates the skin, promotes skin radiance and even tone. Antibacterial, anti-inflammatory and antioxidant.

ACB Fruit Mix:

- Enhanced exfoliation leading to improved cellular proliferation and a fresher, brighter complexion. Increases rate of cellular renewal and decreases appearance of wrinkles.

FIRMING & LIFTING NECK SERUM

A multi-faceted, corrective neck serum

BEST FOR: All Skins, especially skin laxity, age management, age correction.

SIZE: 30 ml / 1.0 oz

TEXTURE: Lotion

PRODUCT DESCRIPTION

A multi-faceted, corrective neck serum containing 10 clinical actives designed to focus on the challenging neck and jowl areas, promoting immediate and long-lasting skin tightening, firming, and lifting.

HOW TO USE

Unlock the applicator, squeeze a small amount of product onto the roller and massage over the neck and jowls in an upward motion. Tilt the chin up while massaging serum into lines and wrinkles. Lock the applicator once finished.

For best results use morning and evening after cleansing and before hydrating.

TOP SELLING TIP

- Perfect for correction and prevention of skin laxity on the neck and jowls.
- Combine with the Skin Inject home roller for ultimate results.
- Use around the whole neck for a complete treatment.

FUNCTIONAL ACTIVES

Niacinamide (B3):

- Multi-faceted form of Vitamin B; Niacinamide is clinically proven to regulate melanin transfer from melanocyte to keratinocyte to reduce hyperpigmentation as well as improve current pigmentation and discoloration in the skin.
- Stimulates lipid synthesis, an important part of the skins NMF to balance and repair the skins barrier and reduce TEWL.

Through accumulative use clinical studies prove SNAP 8® is approximately 30% more effective than its parent peptide Argireline, reducing expression lines by up to 64%.

Proteolea:

- An anti-glycation agent with immaculate antioxidant properties and protection against HEV (High Energy Visible Light) AKA Blue Light that prevents and protects against AGE (advanced glycation end products) from making dermal proteins rigid and dry. Proteolea reactivates detoxification and cell recycling pathways through increasing proteasome activation.
- This increase in the protein degrading enzymes filters through damaged proteins (collagen and elastin) to make way for healthy new fibres to be replaced.
- Through this action Proteolea improves skin roughness and hyperkeratinisation by increasing volume and hydration levels and increasing skin renewal and prevents against cellular destruction and glycation forming in the skin.

Liftonin-Xpress:

- A network of polymers obtained by renewable resources enriched by phycocolloids extracted from *Porphyridium cruentum*, a species of red algae. Delivers instant and long term radical, intensive physical skin tightening effect lines and wrinkles by up to 30%

Sirtalice:

- Biologically active marine extract proven to recharge cellular energy (adenosine triphosphate ATP) and induce protein synthesis and contraction giving the skin an instant lift and a v-reshape (firmer, more lifted skin). Studies show a 32% increase in ATP and a -69% decrease in elastase with a +129% increase in collagen type 1 preventing degradation of extra cellular matrix proteins and enhancing their synthesis. Lipochroman 6 prevents skin cell damage from nitric oxide accumulation and provides photoprotection against UVA light to inhibit internal ROS production to delay early signs of aging and destruction of cellular processes.

Hydroviton Plus:

- A natural and biomimetic water retaining complex of Hyaluronic Acid that leaves a protective film on the skin to prevent and restore a dehydrated skin against Trans Epidermal Water Loss (TEWL). Improves the skins barrier function by delivering instant, long-lasting hydration to the skin.
- Clinical studies show increased water retention in the skin for up to 48 hours due to the natural humectant properties of the moisture biding film.

Telessence Mitelion:

- TM, obtained from the bilberry fruit and rosemary leaves keeps mitochondria fit to tackle Phystress (linked with cellular exhaustion, leading to mitochondrial dysfunction, oxidative stress, and telomere shortening) It recharges the mitochondrial membrane potential and stimulates mitochondrial renewal, both linked to energy production. In addition, it prevents mitochondrial oxidative damage, boosting endogenous antioxidants and reducing ROS production.

Telessence Telmeric:

- A biomimetic peptide of turmeric that prevents and reverses inflammaging by down regulating the natural inflammatory cascade and pro inflammatory cytokines (IL-8). Possesses strong antioxidant protection to reduce oxidative stress associated with environmental stressors resulting in a reduction in lines and wrinkles and a drastic decrease in skin redness and enlarged pore size.

Telessence Breeztel:

- 100% natural marine fermentation rich in lipids, phytochemicals and peptides that is clinically proven to down regulate the release of cortisol from the skin decreasing the damaging effects of inflammaging caused by emotional stress in the body and the skin.
- Protects skin cell telomeres from shortening, reducing early cell senescence to increase cell life and restore epidermal balance, bring homeostasis to the skins barrier and induce normal skin function and healthy epidermal layers whilst decreasing the release of MMP's from fibroblasts and thickens dermal layers.

B12 SMART SERUM

For Compromised Skin with 13 Clinical Actives

BEST FOR: For compromised and imbalanced skins

SIZE: 30 ml / 1.0 oz

TEXTURE: Lotion

PRODUCT DESCRIPTION

O COSMEDICS B12 Smart Serum for Compromised Skins is an anti-aging, calming and soothing formulation with 13 clinical actives, boosted by O's exclusive V8 Peptide Complex™. Designed to support imbalanced, irritated and weakened skins, it contains vitamins, antioxidants, pro, pre and postbiotics to strengthen immunity and replenish the skin barrier to even out skin tone and calm breakout.

HOW TO USE

Use morning and/or evening. For best results use 2-3 pumps on face, neck and décolletage after cleansing and before hydrating following any water and or gel-based serums.

TOP SELLING TIP

- Smart all in one solution for compromised skins that can't tolerate the intensity of the OG Smart Serum.
- An all-in-one solution for healing, strengthening and calming.
- Perfect for sensitive or compromised skins that are prone to redness and imbalances while travelling.

FUNCTIONAL ACTIVES

Quali B-Vitamin B12:

- A non-GMO, bacterial fermentation form of water-soluble Vitamin B12 that speeds up cell recovery and soothes sensitive, inflamed skin by regulating inflammasome activation caused by UV damage, pollution, and oxidative stress.
- Vitamin B12 boosts epidermal lipid synthesis, repairs the skin barrier, and reduces Trans Epidermal Water Loss (TEWL). Strengthens cellular immunity and poor functioning melanocytes preventing pigment formation. As a nitric oxide scavenger, it promotes wound healing, increases cell life, and prevents apoptosis.
- Additionally, it blocks mast cell degranulation, reducing histamine reactions and symptoms of atopic dermatitis.

Holy Basil OSE:

- Holy basil (*Ocimum sanctum*), also known as Tulsi, is a fragrant flowering plant of the Lamiaceae family that is native to India and broadly cultivated in southeast Asia. Hindus revere Holy Basil as an elixir of life and the preeminent herb in Ayurvedic medicine. Extensive research on Holy Basil shows efficacy against toxic, inflammatory and oxidative stress.

- Rich in polyphenols (antioxidants), anti-viral and anti-inflammatory properties, Holy Basil protects the extra cellular matrix (all dermal proteins and constituents) by inhibiting proteolytic enzymes that degrade the proteins and accelerate skin aging.
- In addition, it prohibits inflammatory mediators that have been over activated during the process of toxic air pollution and environmental stressors.
- A powerful de-stressing, anti-aging, soothing, calming and protective precious herb.

SymReboot™ L19:

- A true probiotic for the skin comprised of a specific lactobacillus strain that undergoes precise heat-treating technology to preserve the structure of the bacteria's cell wall to balance the skins microbiome by feeding healthy bacterium without altering the residual natural microbiome.
- No added preservatives in a powder form of a lactobacillus strain that contains many beneficial components of polysaccharides, peptides, lactic acid, organic acids, vitamins and minerals that regulate microbial pathways and increase anti-microbial peptides to defend against invading pathogens, viruses and fungi to soothe and heal acne prone skins and aggressive associated inflammation.
- Visibly reduced redness, irritation and sensitivity to an angry, inflamed and impaired skin equipping it with a stronger barrier protection by increasing filaggrin production and reducing TEWL.
- Clinical studies show:
 - A 45% reduction in inflammatory mediators (IL-1α).
 - Between 82-100% increase in filaggrin production (barrier repair).
 - Increases skins water retaining properties after application from 7 days to 42 days.
 - 45% reduction in barrier damaging air pollution uptake into the skin.
 - Reduces IL-8 (inflammatory mediator) on keratinocytes stimulated from C. Acne bacterium by 21%.

Repair Complex CLR PF:

- A microbiome friendly postbiotic approach towards photoaging. This lysate of probiotic bifidobacteria contains lipids and polysaccharide complexes that potently protect against UV damage and increases cellular repair mechanisms.
- Balances inflammatory mediators to regulate the

skins immune system and increases cell's ability to repair DNA damage caused by UV exposure to prevent against photo damage and premature aging due to chronic low-grade inflammation.

- Clinical studies show a reduction of inflammatory mediators caused by UV exposure by up to 30% in keratinocytes and DNA repair in double DNA strand breaks within fibroblasts.

Kannabia Sense:

- A 100% natural in origin, preservative free, THC and CBD free, microbiome compatible, award winning plant seed oil active; Cannabis cellular oil. Derived from the Cannabis Sativa stem cells which uses lipid fractions (plant short-chain fatty acids) that target the skins microbiome as a prebiotic that simultaneously triggers the synthesis of oxytocin and serotonin from skin cells signalling happiness and positive emotions to the brain.
- This skin brain axis stimulates the skins own microbiome to synthesis its own postbiotic for improved skin health, wellbeing with mental health whilst reducing inflammation and improving the skins immune system.

Defensil Plus:

- First aid for inflamed skins, the multi active plant extracts and oils that make up Defensil Plus synergistically reduce inflammatory processes, rebuild a damaged skin barrier, calm acute irritations and rapidly reduce chronic skin reactions.

SymGlucan:

- 100% natural ingredient extracted from oats, SymGlucan (beta glucan) initiates wound healing, accelerates skin recovery post trauma and skin irritation and rapidly repairs a weakened and compromised skin.
- Clinically proven to increase collagen and elastin synthesis to smooth fine lines, wrinkles and increase hydration levels in the skin due to its effective wound healing initiation.
- SymGlucan provides a protective waterproof film to the skin to prevent TEWL and repair a damaged skin barrier whilst protecting the skin against oxidative stress that leads to more irritation and accelerated skin aging.

L22:

- A patented lipid complex that preserves the skins protective barrier, decreases TEWL and rapidly restores lipid levels. These naturally occurring lipids

have a perfect affinity with the skins lipid bilayers to ensure the skins acid mantle is balanced, protected and restored.

SK-Influx

- Skin-identical lipid concentrated mix of ceramides, cholesterol, free fatty acids and phytosphingosine to restore and preserve the skins barrier function. SK-Influx enhances hydration levels, reduces TEWL and protects the skin against oxidative stress.

SNAP-8:

- An octapeptide designed to reduce the depth of fine lines and wrinkles by blocking the neurotransmitter (acetylcholine) that triggers muscle contractions causing expression lines. Through accumulative use clinical studies prove SNAP-8® is approximately 30% more effective than its parent peptide Argireline, reducing expression lines by up to 64%.

- Improves the skins immune function by increasing Langerhans cell health and function to reduce C. Acnes bacterium and improve the skins immune response.

Lipochroman-6:

- Double scavenging action antioxidant that protects against reactive oxygen species (ROS) and reactive nitrogen species (RNS). RNS are human generated free radicals that cause lipid peroxidation and destroy DNA. Lipochroman 6 prevents skin cell damage from nitric oxide accumulation and provides photoprotection against UVA light to inhibit internal ROS production to delay early signs of aging and destruction of cellular processes.

Proteolea:

- An anti-glycation agent with immaculate antioxidant properties and protection against HEV (High Energy Visible Light) AKA Blue Light that prevents and protects against AGE (advanced glycation end products) from making dermal

proteins rigid and dry. Proteolea reactivates detoxification and cell recycling pathways through increasing proteasome activation.

- This increase in the protein degrading enzymes filters through damaged proteins (collagen and elastin) to make way for healthy new fibres to be replaced.
- Through this action Proteolea improves skin roughness and hyperkeratinisation by increasing volume and hydration levels and increasing skin renewal and prevents against cellular destruction and glycation forming in the skin.

V8 Peptide Complex™:

- A potent blend of peptides and antioxidants to support and fight the five causes of aging. Peptides are made up of long and short chains of amino acids which are essential for the formation of the skin's proteins, collagen, elastin, and keratin.

O-BIOME HYDRATING & SETTING SPRAY

Triple action microbiome care

BEST FOR: All skins especially dry and compromised

SIZE: 50 ml / 1.7 oz

TEXTURE: Water-like

PRODUCT DESCRIPTION

This triple action spray protects skin microbiome and pH, offers intense 360° liquid hydration and seals and sets skincare and makeup application. Handbag travel essential!

HOW TO USE

- Skincare Regime: To protect skin microbiome, spray a fine mist immediately after cleansing.
- Hydration Top-Up: Spray during the day and while travelling as often as required.
- Makeup: To set makeup, spray after application, wait 10 seconds and then spray again.

TOP SELLING TIP

- Ideal for travel, inflight and on the beach.
- Perfect added layer of hydration to support serum and hydrator absorption.
- The perfect treatment setting spray that looks after your skin while ensuring your makeup stays on all day.

FUNCTIONAL ACTIVES

- **OXY 229 Microbiome:** 98% natural origin, combining yeast and amino acids, this powerful complex contains mitochondrial respiration activators to boost oxygen uptake by 750% reviving dull skin, regulates sebum and activates cell turnover by up to 25%. Reduces *Corynebacterium Kroppenstedtii* levels, a sebum loving bacterium found in the skin microbiome associated with inflammation and rosacea.
- **Betaine:** Naturally occurring amino acid also known as TMG (trimethylglycine) whose primary function is a humectant and anti-skin irritant. The small polar molecules of this ingredient are prone to hydrogen bonding which retains water.
- **Aloe Vera:** Offers immediate skin support to hydrate and soothe with anti-inflammatory and healing.
- **Sodium Hyaluronate:** Intense hydration. Holds 1000 times its weight in moisture which hydrates skin, alleviates dryness, reduces lines and wrinkles. Speeds up healing
- **Liftonin® Express:** Derived from black yeast, forms a moisture absorbing shield which provides an instant tightening effect for a firmer looking skin. Soothes the skin around the eye up to 74% in one hour.

SKIN ANALYSIS TOOL

SKIN DNA KIT

*Australian made,
award-winning invention*

Genetic testing and skin analysis tool
taking the guesswork out of skin care

PRODUCT DESCRIPTION

The skin's crystal ball! Using gene mapping science and SkinDNA's proprietary algorithms, SkinDNA® helps take the guesswork out of skin care. This once in a lifetime test helps to inform skin professionals and their clients on specific skin care recommendations based on their individual DNA and the five major causes of aging with a quick and simple swab from inside the mouth offered as part of a consultation and diagnostic tool. Designed for early awareness and intervention giving skins the chance to fight back before the problem strikes.

Each of SkinDNA's five categories are summarised in 1 of 3 outcomes:

1. High Risk
2. Medium
3. Low Risk

Results provide clients with recommendations for:

- O COSMEDICS Home-care
- Internal Support
- Pro Dermal Planning and professional treatments

HOW TO USE

Before collecting the DNA cell specimen, remind the client to avoid any food or drink for 30 minutes prior.

1. Open the cheek swab, do not touch cotton kit.
2. Rub firmly for at least 30 seconds against the inside of the cheek.
3. Place swab into tube, inside snap the handle where the groove is.
4. Insert the absorbent canister from within the silver wrapper, then seal the tube securely with the cap provided.
5. Apply 1 barcode to the tube.
6. Complete the consent form and apply the remaining barcode to the form.
7. Place sample and consent form into specimen bag.
8. Register kit online at ocosmetics.dnakit.online

TOP SELLING TIP

- Combine with a complete skin consultation for the ultimate package.
- Perfect for clients new to skin care and treatments.
- Essential for clients who already invest in skin.

Stipple 1SKIN Lotus Skin Primer from the centre of the face outwards. Repeat this application with 1SKIN Treatment Fusion Foundation, making light buffing motions to achieve an even blend. Perfect for an all-over application, contouring, cream blush, and highlighters. The perfect angled brush to ensure controlled, seamless blending and unique fibre technology for optimal product pick-up and application.

THE ULTIMATE BRUSH

A bespoke brush with dual ends for maximum versatility: flat and tapered on one end and full and fluffy on the other! The ultimate travel brush for effortlessly applying liquids and powders, blending, buffing and precision coverage. Perfect concealer brush for targeted and diffused application. Brushes are soft and luxe and can be used on all skins including the most sensitive.

HOW TO USE

Using the larger brush, stipple 1SKIN Lotus Skin Primer from the centre of the face outwards. Repeat this application with 1SKIN Treatment Fusion Foundation, making small patting motions to achieve an even blend. Perfect for an all-over application, this end may also be used for powder. Use the smaller, tapered end for targeted application under the eyes, to highlight brow bones, and contour the nose to finesse your look!
