SKIN PERFUSION

AESTHETIC PROFESSIONAL SKINCARE

EXCLUSIVE FOR AESTHETIC PRACTITIONERS

COMPLEMENT COSMETIC PROCEDURES

Developed by a French laboratory leading in cosmetic medicine and skin quality, SKIN PERFUSION is an innovative cosmeceutical product line specially designed to maintain and enhance the results of cosmetic procedures.

HIGH PERFORMANCE SOLUTIONS

Formulated with high-grade ingredients in optimal concentrations, SKIN PERFUSION products are based on the Mix'n Match principle to achieve the best visible results on skin appearance and to best fit the needs of each skin through tailor-made solutions.

HOLISTIC APPROACH TO SKIN QUALITY

Combining in-clinic and home treatments, SKIN PERFUSION allows a holistic treatment of ageing skin. The specific protocols combine superficial peels, micro-needling and professional skincare to address the concerns of ageing skin: **hydration – radiance – wrinkles – firmness and blemishes.**

SKIN PERFUSION Cream can be used in the evening; the morning, the same cream was applied by the subject. Results after 3 weeks.

SKIN PERFUSION

HIGH-GRADE COSMECEUTICS

FROM CLINICS TO HOME

Skin Perfusion crystallises everything that we are about. Working seamlessly with doctors and aesthetic professionals, we have designed **an exclusive range that targets ageing concerns** effectively through highly-researched formulas.

Using our unique FILLMETRY® technology, a smart blend of powerful active ingredients, at the precise dose for the highest affinity with the skin, the Skin Perfusion range works in perfect harmony with the skin, never against it.

The line is a promise of **sensorial skincare of the highest grade,** not only in clinics but also once back home.

IN CLINICS

For customised in-clinic protocols within aesthetic practitioners & high-end medi institutes.

AT HOME

Maintain & optimise aesthetic results at home.
Make accessible professional-grade skincare.
Target all ageing skin concerns.
Customised protocols.

BEAUTY IS AN ART, WE MADE IT A SCIENCE
